

Pray with us

Be joyful in hope, patient in affliction, faithful in prayer.

Romans 12:12

Cathedral Relief Service, Kolkata, India

Prince of Peace, we give thanks for the work of the Cathedral Relief Service and its dedication to the most vulnerable women, children and families in Kolkata, India. Thank you for the hope it brings to those experiencing child marriages, abuse, unemployment and struggling to access to education and healthcare.

We ask for wisdom and guidance for the staff as they strengthen their work to improve the lives of entire families. May hearts be opened to see women and children as you do. We pray for a decrease in abuse and an increase in opportunities that empower and encourage the most vulnerable.

Thank you for Anglican Overseas Aid CEO, Jo Knights' visit to our partner. We are grateful for the opportunities Jo had to meet with people and witness the excellent work being done in some of the most marginalised communities in India.

The Anglican Diocese of Nampula, Mozambique

Heavenly Father, we lift up the people of Nampula and Cabo Delgado who have recently suffered from political insecurity, violence and a devastating tropical cyclone. Wonderful Counsellor, your already vulnerable children have been made even more vulnerable. We ask that you provide shelter, safe places and protection for all those women, children and people living with disabilities. We pray for people as they face increased health risks of cholera and malaria, and for children who face malnutrition.

We pray for those whose livelihoods have been destroyed; help them rebuild their lives. Thank you, Lord, for the work of the Diocese of Nampula. Protect and guide them as they bring emergency relief to the communities impacted.
